

SUBJECT: Invitation to participate in **58th International Electrical Engineering Students Gatherings - Elektrijada 2018.**

Organizing Team of Elektrijada has the great pleasure to invite your faculty to participate in **58th International Electrical Engineering Students Gatherings - Elektrijada 2018.**

Elektrijada is the biggest gathering of students of electrical engineering and IT which is constantly growing, both considering its scientific and academic program and number of different faculties taking part in competition. At this moment Elektrijada gathering 25. technical faculties from all over the Europe (**Serbia, Republic of Srpska, Federation of Bosnia and Herzegovina, Montenegro, Slovenia, Croatia, Macedonia, Hungary, Bulgaria, Poland, Germany, Greece**) and more than 2000 students.

Event place: Budva-Bečići, Montenegro

Period: from May 19th until May 24th, 2018.

Science competition

There are 15 different science disciplines in which you can take part. In each competition each student takes part as individual. The disciplines are:

- | | |
|---|--------------------------------|
| • Fundamentals of Electrical Engineering, | • Telecommunications, |
| • Physics, | • Electrical Machines, |
| • Mathematics 1, | • Power System Analysis, |
| • Mathematics 2, | • Informatics, |
| • Circuit Theory, | • Object Oriented Programming, |
| • Electronics 1, | • English Language, |
| • Electronics 2, | • Renewable energy |
| • Control Systems, | |

Three students from same university make a university team. Sum of their individual points makes a team result. Each university can have up to 2 teams per science discipline. You can find competition programs for all disciplines and examples from recent year on website www.elektrijada.net. New information and examples will be added soon.

Science program

Information about this program will be available soon on our web site and you will receive it in “second call” e – mail. You can expect: presentations of student scientific works, lectures, The Nikola Tesla Museum exhibition, case study competition, workshops, presentations of next companies: Siemens - Germany, ABB - Switzerland, Schneider - France, Ericsson - Sweden, Voith - Germany, Etra - Slovenia, Koncar – Croatia, Telecom MTS – Serbia, Telecom Mtel – Austria...

Sport competition

Here is the list of sports and number of players:

Futsal - minimum 6 – maximum 14 players, male and female competition,
Volleyball – minimum 6 – maximum 14 players, male and female competition,
Basketball - minimum 5 – maximum 14 players, male and female competition,
Handball - minimum 7 – maximum 14 player, male competition only,

***EESA** Electrical Engineering Student Association*

Bulevar kralja Aleksandra 73
11120 Belgrade, Serbia
ID: 17601300, VAT: 103834173

web: elektrijada.net
email: info@elektrijada.net

Table tennis – individual, male and female competition,
Table tennis – teams are consist of 4 players, male and female competition,
Chess - teams are consist of 4 players,
Cross – individual, male and female competition,
Cross - teams are consist of 3 players, male and female competition,
Dance – standard and Latino American dances.

Application for sport competition will start from mid-April via Elektrijada website: www.elektrijada.net or facebook page:
<https://www.facebook.com/Elektrijada.net/>

Timetable:

- Confirmation until April 28th
- Registration of sport teams should be finished until May 1st
- Final registration of participants until May 8th

If you are interested in taking part in Elektrijada 2018, please send us a confirmation with following data:

School/University:

Organizers – student organization:

Student representative for Elektrijada (name and surname):

Phone:

E-mail:

Fax:

Expected number of participants from your school/university:

Participation fee: 115 EUR per person. The fee includes costs of accommodation, 3 meals per day and taxes. Accommodation is provided in three-bed rooms. Few single rooms are available on special demand, but with extra charge.

Feel free to contact us for any question and suggestion you have.

Sincerely,

Elektrijada 2018. Organizing Team
